

Safety and suitability of premises, environment and equipment: Safety

Providers must take reasonable steps to ensure the safety of children, staff and others on the premises

8.12 Staff Personal Safety

Policy statement

This setting believes that the health and safety of all staff is of paramount importance and that all staff have the right to work in a safe environment. We support safe working both on and off the premises, acknowledging the needs and diversity of children and their family.

Procedures

General

- All staff in the building early in the morning, or late in the evening, ensure doors and windows are locked.
- Where possible, at least the first two members of staff to arrive in the building arrive together, and the last two members of staff in the building leave together.
- Visitors are generally only allowed access with prior appointments and only admitted once their identity has been verified.
- Minimal petty cash is kept on the premises.
- Members of staff make a note in the diary of meetings they are attending, who they are meeting and if external meetings, when they are expected back.

Home visits

Currently we do not offer home visits.

Dealing with agitated parents in the setting

- If a parent appears to be angry, mentally agitated or possibly hostile, two members of staff will lead the parent away from the children to a less open area, but will not shut the door behind them.

- If the person is standing, staff will remain standing.
- Members of staff will try to empathise and ensure that the language they use can be easily understood.
- Staff will speak in low, even tones, below the voice level of the parent.
- Members of staff will make it clear that they want to listen and seek solutions.
- If the person makes threats and continues to be angry, members of staff make it clear that they will be unable to discuss the issue until the person stops shouting or being abusive, while avoiding potentially inflammatory expressions such as 'calm down' or 'be reasonable'.
- If threats or abuse continues, members of staff will explain that the police will be called and emphasise the inappropriateness of such behaviour in front of children.
- After the event, details are recorded in the child's personal file together with any decisions made with the parents to rectify the situation and any correspondence regarding the incident.
- We ensure that children wash their hands (we may use hand Gel) after handling the animal or creature and do not have contact with animal soil or soiled bedding.
- We wear disposable gloves when cleaning housing or handling soiled bedding.
- If animals or creatures are brought in by visitors to show the children, they are the responsibility of their owner and any safety or hygiene issues will be addressed before allowing the animals in our setting.

This policy was adopted at a staff meeting of Orpington Montessori Preschool in November 2018.
